## The President's Corner

By Bruce Gates

Spring is here and the number of events we are requested to attend are increasing. On Saturday May 16<sup>th</sup> Barry McCahill and I took vehicles to the Eagle Field of Honor at Merrill Park in Eagle. It was a nice event with several good speakers and a barbecue afterwards. We were lucky as the weather held out for us and no one got wet. There was a lot of interest in the vehicles and in the club.

Our next event will be on May 25<sup>th</sup> for Memorial Day. Anyone who wishes to attend will meet at Gates & Associates 604 N36th St., Nampa by 8:30 AM. We'll leave a little after 9:00 AM and drive the mile to Kohler Lawn Cemetery for their one hour event from 10:00AM to 11:00 AM. This has always been a very nice ceremony and very well attended. All three TV news stations are supposed to cover the ceremony.

### CLUB MEETINGS:

**Always the first Tuesday of the month at Gate's Towing in Nampa. Come at 6 PM and BBQ (donations) or at 7 PM for the meeting.**

When we are finished at Kohler Lawn anyone who would like to can convoy the 7 miles for 15 minutes to attend the Hillcrest Cemetery ceremony in Caldwell. In the past we've had problems with Hillcrest's failure to appreciate our presence. They are now under new management and we are assured that will no longer be a problem.

Cloverdale Cemetery is not having an event this year.

May 31<sup>st</sup> will be a work day at Idaho Motor Pool. Come out and enjoy a nice day among friends and bring a string trimmer if you have one. We'll be preparing the grounds for our annual show and swap meet.

The show and swap meet will be on June 4<sup>th</sup>, 5<sup>th</sup>, and 6<sup>th</sup>. Remember, this is our show so attend and bring a vehicle. There will be daily trail rides and car crushing since the tank is operational again (I'm told that is thanks to Larry and Garry Carroll's efforts and hard work).

Northwest Motorfest has been moved to June 20<sup>th</sup> and 21<sup>st</sup> in an attempt to stay away from the dreadful heat we had last year in July. This is our largest show of the year with almost 20,000 people in attendance. We need vehicles to show for both days so bring out whatever you have.

Let's get active and show our vehicles to the community and support veterans by displaying the vehicles they used to fight for our freedom.

## Notes from the last meeting.

**The President and Secretary were absent.**

**Notes summarized by Barry M. -Vice President Mike S presided.** Business meeting lasted about ½ hour. -Discussed Tower Park show. There were informal comments from those who attended and apparently the club was well represented.

-Someone asked about a schedule of club events and a couple of us mentioned that it's in the newsletter and updated as required.

-Middleton 4<sup>th</sup> of July parade was discussed briefly. Some members raised the issue of "wet"

parades and not wanting to get their vehicles wet. (President Bruce later noted that the fire dept. does this after the parade and only in a small area). Someone else mentioned that Middleton is the only parade that allows candy to be thrown.

Someone inquired about the Boise parade and nobody knew anything about it. Dick B was in attendance and said he has not been contacted.

Drift I got is that Boise is no longer reaching out to our club for vehicles.

-Discussed Memorial Day and 'Kohler Lawn' and Hillcrest cemeteries and that the club is going back to Hillcrest this year. I explained that both are owned by Cloverdale, new corporate ownership and management, and it's committed to promoting veterans issues. Somebody raised the concern about how we were treated a few years ago at Hillcrest and there was a discussion of what happened. I explained both Bruce and I have discussed this several times with Terry Shotkowski, general manager of Cloverdale and have assurances that was under different funeral home ownership and will not happen again (Editors note: I confirmed this in a conversation I had with Terry).

There will not be a Cloverdale event this Memorial Day—they will focus on Hillcrest. A couple of us mentioned that the usual caravan will depart from Gates Towing that morning for those planning on attending.

-I raised the opportunity to attend Eagle Field of Honor May 16 at 4 p.m. in Merrill Park, just off Eagle Rd. Free barbecue afterward for vets (all others a \$5 donation requested). They would like some military vehicles, and begin a relationship with our club. I requested of the organizer (who I know) that our vehicles be placed on the grass behind or next to the dais as opposed to just assigned parking along the street where they might be damaged (she agreed to this). Nice annual Eagle patriotic event with backdrop of many American flags purchased in memory of veterans. Those wanting to attend should have vehicles there at 3 p.m. for set up.

-Alex Gordon discussed the work day at his place (e-mail has been sent to members) and Wayne Butterfield approached members individually to inquire if they would be bringing vehicles. There was some casual discussion about what vendors might be there, etc., and the vendor dinner. Flyers were distributed for the show and all were asked to post where they can as there has been no other publicity.

## Editorial

“You’ve all fought well. But if we lose Tabu-Dong, Daegu will fall. Lose Daegu, and Pusan will follow. Then, we will have no place to go.”

“We are the last defenders of our nation, and each of our homes. Even if we die, we must defend.”

“Look, our American friends bleed with us. How can we betray them?”

“Who was Paik Sun Yup 백선엽?”

**By Ron Powell**

General Paik Sun Yup was born in 1920.

He is considered a ‘legend’ and National Hero to the South Korean people. He Served as a Division Commander and Chief Of Staff, and transformed an untrained South Korean Army into a formidable professional force.

“When the Korean War began on June 25, 1950, then Colonel Paik commanded the ROK 1st Infantry Division. He was 29 years old. Throughout the war, Paik would distinguish himself as a courageous and competent leader, and his 1st Infantry division would become known as one of the most effective combat units in the war. An example of General Paik’s courage was evident during the battle at Tabudong,

also known as the “Bowling Alley”. In August 1950, the ROK 1st Division was ordered to defend the ridgelines along the road leading into the village of Tabudong. Colonel John Michaelis’ 27th Infantry Regiment was assigned to reinforce Paik’s 1st Division, and established positions along the road. A battalion from General Paik’s 11th Infantry Regiment lost its position on the ridgeline to the attacking North Korean Army, exposing Colonel Michaelis’ left flank. Concerned that he would be cut off and enveloped, Colonel Michaelis called Eighth Army Headquarters for support, and then informed General Paik that he was withdrawing.

General Paik convinced Colonel Michaelis to hold on until he could assess the problem. Arriving at the front, Paik stopped the retreating ROK Soldiers and inspired them to counterattack and retake the ridge. He told his troops, **“We are going to turn around and kick the enemy off our ridge, and I shall be at the front. If I turn back, shoot me.”** Leading his Soldiers in the assault, General Paik and the ROK battalion were able to retake the ridge. Later, Colonel Michaelis met General Paik and said, “Sorry about that call to Eighth Army General. When I saw the division commander himself leading the attack, I knew the ROK Army was God’s own force.”

## Worthy Event!

Eagle Field of Honor event was May 16<sup>th</sup>. In attendance was Bruce Gates and Barry McCahill with their M37s. Those that attended benefited from a free barbecue and a nice day. This will be an annual event and they hope the club can support it again in the future. Notice the hundreds of flags in the background!

# MEMBER SPOTLIGHT

This month we welcome new member Paul who has taken the time to send us a little bit about himself. Welcome him to the IMVPA.

**Paul writes:**

I grew up on my family's farm in Ontario Oregon. In high school I built my first hot rod, a 1946 Ford 4x4 with a F250 running gear. It was my hot rod for 30 years; I sold it 10 years ago.

I grew up participating in sports, Wrestling, Football, and Rodeo. In 1986 I enlisted into the Army as a 63B10H8 "Light Wheeled Mechanic & Vehicle Recovery" the Army was good to me, my first duty assignment I was assigned a wrecker; my second station was at Fort Lewis and I soon worked into lead motorpool mechanic. After my tour I enrolled in Agricultural Education at the University of Idaho and received my BS and MS followed with teaching Agricultural Education, Welding, and Mechanics throughout the Northwest. 10 years ago I quit teaching and my wife and I started our own Auto Glass business in Bend Oregon; we expanded into Fabrication and Repair, along with Paul Kingsbury Grading. Moving to Ontario "Annex next to Weiser ID" in June 2014 and moved our business and family "Natalie, Max, and Samantha".

In 2013 I won a 1990 BMY M923A2 5 Ton 6X6 Cargo Truck from Government Liquidation located at Nellis AFB, Nevada. I recovered it myself; driving down in my 1990 Geo Tracker with my custom tow bar already installed on the front.

The recovery was interesting. It was rebuilt a few years before and had less than 10,000 miles on it and still in GREAT condition. I purchased it for work and it does a great job and is fun to drive. It has a Cummings, 8.3

Diesel, tuned to 375 horse! 5 Speed Allison Transmission, Power Steering, Air Brakes, 14.00-20 Super Single tires, these tires are 4 feet tall!

14' cargo bed with fold down sides!

I have made LOTS of upgrades to the truck.

**(Editor) We asked Paul what he would like to do and get out of the club:**

I would like to take some trips with the club into some remote areas.

**(Editor): I added his business info so if you need auto glass, look him up at 5572 Highway Spur 95, Ontario, OR 97914, 541-325-6027**
