## His glass is half empty...

Time wasters. That's one of the things that bothers the hell out of me. Of course I also hate reading this newsletter and having a toothache as they feel about the same.

I mean I'm trying to restore my derelict 42 GPW and its one step forward, two steps back. Broken tool - so off to Harbor Freight where there's 8 people in

line for one check out. And this dude can't remember his phone number so it's holding up the line.

Then I'm ordering parts from my favorite place, Ron Fitzpatrick Jeep parts. Order comes in then oops, something else I forgot. Better do another order, then another. I should just send them an automatic payment from my bank every month. The only thing that takes up more money than this jeep are the vet bills for my 19 year old cat.

Don't get me started on this front axle. It's frozen up solid and I mean rusted tight! The maintenance schedule says to lube and grease it every week. Why hasn't anything been greased since D-Day?

Will the old tie rods come out? Nope, rust welded in. Knuckles? Stud busted off in the housing (thank you Roy C for getting it out at your machine shop!). Bell crank rebuild kit? How will it get used if the pin is stuck in there? U-joints? They came out easy. After inspection I think jeez, these probably could have stayed in - figures.

I would hire someone else to do it if the bank account wasn't empty like my soul. This is my second GPW so I figured this one would go much easier and faster. How did I ever get the previous one done you ask? More sexual favors than I can count. I'm still tired from them.

This Jeep will get done eventually but I'm not looking forward to that day, because then it will be off to the DMV to get plates and registration. "Take a number and have a seat. You are number 1,301."

# Idaho Chariots Show and Shine

by Bruce Gates

Saturday at the Idaho Chariots Show and Shine factory outlet mall we had vehicles by Al Mizner, Roy Cagnacci, Bob Meredith and myself. It made for a nice day.

# Idaho Motor Pool Military Show

-pictures provided by Don W.

Here are a few pics from the show. lots of people and vehicles. About the fire pit – Don had planned on starting the fire around 9 pm instead he started it at 9 am because people were cold! There were people standing around it most of the day in fact. There were several traditions that were maintained such as the trail ride, a band, a car squash and a convoy to Dairy Queen. A big thank you to Alex Gordon for hosting the show!
